Coffins and Caskets

Choosing an appropriate coffin or casket which means something to you will help with the bereavement process and it is an important but necessary part of your funeral arrangement.

We have many different options available each offering a unique set of features, but before choosing, it is perhaps worth taking a look back at the life of your loved one as this may point to the type of coffin or casket that would best represent their unique life. Were they for instance interested in the environment? Or perhaps they had a love of their garden or were a lifelong supporter of a football club, or maybe they were a very traditional person that liked things just so.

HEARTWOOD

Traditional Coffins and Caskets

Our range of traditional coffins covers many styles and materials, from standard styles of coffins and caskets in solid or veneered wood to more elaborate styles with intricate panelled sides and raised lids.

Reflections®

Picture Coffins

A picture paints a thousand words. Reflections is a range of picture coffins that can showcase picture quality images on the coffin. These images can be of absolutely anything, for example a collage of images of your loved one's life, a theme dedicated to the football club supported or a favourite place or hobby your loved one liked. A picture coffin really shows the uniqueness of your loved one's life.

Country Range™

Country Range

A selection of alternative coffins and caskets made from materials such as Bamboo, Wicker, Wool and Seagrass. Offering an environmental feel to the funeral and due to the nature of the materials used can appear to be a 'softer' option than a traditional wood coffin.

GUARDIAN™

Guardian American-Style Caskets

A range of genuine American caskets, provided exclusively to us in partnership with Aurora Caskets. Made in a variety of solid woods and metals, with a range of decorative finishes.

The Forest Stewardship Council® [FSC] is an international, nongovernmental organisation dedicated to promoting responsible management of the world's forests. It was founded in 1993 in response to public concern about deforestation and demand for a trustworthy woodlabelling scheme. FSC UK is a registered charity. It is supported by NGOs including WWF, Greenpeace and the Woodland Trust.

We have been accredited with the ISO 14001 standard, the internationally recognised mark for the environmental management of businesses. It prescribes controls for those activities that have an effect on the environment. These include the use of natural resources, handling and treatment of waste and energy consumption.

If the deceased rode a particular motorbike, or sailed a particular vessel, we are happy to create a design that incorporates the right imagery for a truly personalised picture coffin.

Floral Tributes

Floral tributes have a long association with funeral arrangements and as such it is not surprising that picture coffins that utilise flowers in their design have become a popular choice. These floral designs offer a softer, more colourful alternative to a traditional wood coffin and can hold special significance. Poppies are well known for their link to remembrance, while daffodils can signify re-birth and renewal.

Many of the requests that utilise our personalised service reflect a special memory. Sporting and team coffins remain some of our most popular designs. Through flags and motifs we can reference national teams and, in the event of wanting to include a specific club, we can secure the permission to do so wherever possible.

Style Statements

A picture coffin can also represent the identity and style of your loved one. For those who are patriotic we offer designs which feature flags, crests and patterns, such as various tartans. A military career could be represented by the colours of their regiment accompanied by their badge. Or perhaps a strong fashion sense could be continued with one of our patterned and textured designs. Whatever your requirements, we are happy to create a unique design which compliments your loved one's personality.
